Speaker

Alex Klacman, PhD, RN, CV-BC, CCRN

Dr. Klacman currently resides in Dallas-Ft. Worth. She is an assistant tenure-track professor at Texas Woman's University- Dallas in the Houston J. and Florence A. Doswell College of Nursing, where she teaches in both the undergraduate and graduate nursing programs. She is the former system education specialist of critical care for Texas Health Resources, a large healthcare system across DFW. She is an experienced critical care nurse and practiced at the bedside for eight years prior to moving into education. She was the first person globally to implement the Resuscitation Quality Improvement (RQI)™ Program at an organization during her time as the American Heart Coordinator/ Life Support educator. Her interests include best practices in resuscitation education, care of critically ill cardiac patients and basic/advanced ECG interpretation.

MED-ED reserves the right to substitute an equally qualified speaker if necessary.*

Course Overview

This course is designed to prepare the participant for the ANCC Cardiac-Vascular Nursing Exam. This concentrated review will focus on the key aspects of caring for patients with cardiac and vascular disease across the spectrum of care.

Included is a review of cardiac anatomy and physiology, risk factors and risk reduction strategies and professional aspects of caring for this patient population. Participants will also complete review questions to prepare them for the types of questions that will be on the exam, as well as test-taking strategies.

Program Learning Outcomes

This program prepares the learner to:

- Demonstrate the requisite knowledge required in order to be successful on the ANCC Cardiac-Vascular Nursing Exam.

Registration Information
