Speaker

Mary Ann "Cammy" Christie, MSN, APRN, CCRN-CMC-CSC, PCCN

Cammy is an internationally known speaker with over 45 years of critical care experience. She has taught the CCRN® Exam Review as well as critical care updates with an emphasis on the critical thinking skills of the bedside practitioner. In addition to lecturing across the globe, Cammy is a reviewer for several revered nursing journals, has numerous publications in the area of critical care and continues to have an active practice as an acute care nurse practitioner at the University of Florida, Division of Critical Care Medicine, Cardiothoracic Surgery. As a critical care nurse practitioner, Cammy brings many clinical practice skills to her lectures as well as providing clinical pearls for bedside care.

MED-ED reserves the right to substitute an equally qualified speaker if necessary.

Course Overview

This course is designed to provide the progressive care healthcare provider with a review of AACN's core curriculum, as of November 2023. Provided in a lecture format, the instructor will review anatomy and physiology, physical assessment (including hemodynamics and utilization of invasive assessment tools) and pathophysiology in a systems approach. Topics that are discussed include: cardiac, pulmonary, neurological, renal, endocrine, hematological, gastrointestinal and psychological and legal aspects of care. This review is not an introduction to the environment of the progressive care area, but a comprehensive update for the professional already in practice at the progressive care bedside and preparing for the PCCN Certification Examination.

Program Learning Outcomes

This program prepares the learner to:

- Self-report a gain in knowledge regarding disease states and management strategies as well as an increased confidence in passing the PCCN Examination.
