Speaker

Sara Anderson, MSN, RN, NNP-BC, APNP, CWON, IBCLC, CCRN

Sara has nearly 15 years of experience caring for neonatal patients in hospitals, with a particular interest in lactation management and neonatal skin and wound management. Sara has presented on skin care nationally, including at the National Association of Neonatal Nurses (NANN) Conference. She co-authored a chapter on neonatal skin, wound and ostomy management, published in an Indian neonatal textbook in 2018.

*For complete biography, please visit MedEdSeminars.net
MED-ED reserves the right to substitute an equally qualified speaker if necessary.*

Course Overview

This course is designed to supplement study materials for the NCC certification exam to obtain the RNC-NIC designation and the AACN certification exam to obtain the CCRN-neonatal designation. The course will focus on core concepts that are essential for caring for high-risk newborns. Preparation is recommended prior to participation in this course.

Program Learning Outcomes

This program prepares the learner to:

- Review the core components covered by the exam through test questions and lecture review.
- Review requirements for the exam and recertification.

Accreditation

RN/LPN/LVN: 13.5 Contact Hours

MED-ED, Inc. is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation (ANCC).
