MED-ED, Inc. is an approved provider by the following State Boards of Nursing: **Florida**/FBN 50-126, **Iowa**/296, **California**/#CEP10453.

## Speaker

### Sherrie Mannarino, MSN, RN-BC, CNOR, NE-BC

Sherrie has been a perioperative nurse for nearly 25 years, serving in many roles, including as a scrub and circulating nurse for various services and as a leader/coordinator for urology, gynecology and the robotic team. She also served as a charge nurse and the perioperative educator for a team of more than 130 members and as a clinical manager for a 43-bed medical-surgical unit. Currently, Sherrie serves as a clinical manager for an ambulatory surgery unit.

In addition to these roles, she served as the patient safety and accreditation coordinator for a three-hospital healthcare system, adding a unique regulatory perspective for learners. Sherrie has a passion for lifelong learning in her pursuit of sharing knowledge and willingness to assist every learner in his or her quest to make a difference in the lives of those entrusted in our care.

*MED-ED reserves the right to substitute an equally qualified speaker if necessary.*

## Course Overview

This course is designed for nurses working in the perioperative setting who plan to take the CNOR Certification Exam. The course will focus on core concepts defined by AORN® while caring for all populations. The CNOR Test Blueprint published by CCI® is used to design the course content to enhance the nurse's knowledge of key information needed to successfully pass the CNOR Certification Exam.

### Program Learning Outcomes

This program prepares the learner to:

- Describe the CNOR Exam, test plan and the practice requirements to sit for the exam.
- Construct a study plan for the exam based on understanding the blueprint and domains of practice covered.
- Identify common mistakes and pitfalls that are made during studying and testing for the exam.
- Recall the core components covered in the exam through didactic supplementation and test questions.
