## Speaker

### Elizabeth A. Paton, DNP, RN-BC, PNP-AC, PPCNP-BC, CPN, CPEN, FAEN

Beth brings over 25 years of experience in pediatric nursing. She is certified as a pediatric nurse practitioner in both primary and acute care. She is also a certified pediatric nurse and a certified pediatric emergency nurse. Beth worked in a pediatric emergency department for 16 years, serving as a staff nurse, nurse educator, charge nurse, flight nurse and a nurse practitioner. She practiced at an adult Level I Trauma Center on a per diem basis for 6 years and lectured on various pediatric topics, both locally and nationally, for over 15 years.

Beth is active in local and national organizations, including the Emergency Nurses Association (ENA), American Pediatric Surgical Nurses Association (APSNA) and the National Association of Pediatric Nurse Practitioners (NAPNA). She is currently employed as an NP with the pediatric surgeons at Le Bonheur Children's Hospital in Memphis, TN, and moonlights at local pediatric urgent care centers as well. Her years of experience in the emergency department and with pediatric surgery have given her many stories of real-life cases of common—and some uncommon—pediatric diagnoses.

*MED-ED reserves the right to substitute an equally qualified speaker if necessary.*

## Course Overview

This two-day seminar is for nurses who care for pediatric patients. This course serves as a review for the Certified Pediatric Nurse (CPN®)\* Exam. The CPN Exam is for the nurse who has pediatric practice experience and who demonstrates knowledge and abilities related to pediatric nursing beyond basic RN licensure.

### Program Learning Outcomes

This program prepares the learner to:

- Describe the Certified Pediatric Nurse Exam, test plan and the practice requirements to sit for the exam.
- Construct a study plan for the exam based on understanding the blueprint and domains of practice covered.
- Identify common mistakes and pitfalls that are made during studying and testing for the exam.
- Recall the core components covered in the exam through didactic supplementation and test questions.
