Speaker

Julie L. Bacon, MSN-HCSM, RN, RNC-LRN, NE-BC, CPN, CPEN, C-NPT, RN-BC

Julie Bacon has over 25 years' experience in emergency transport medicine, both flight and ground. Her expertise is in the area of pediatric and neonatal transport and critical care. As program manager and chief flight nurse at Johns Hopkins All Children's Hospital LifeLine in St. Petersburg, FL, she manages both a high acuity national/international transport team as well as the transfer and dispatch center.

Ms. Bacon holds multiple clinical and leadership certifications. She is an active participant in state disaster planning and management, and as a former hospital emergency management director, is a resource and instructor for hospital emergency preparation for disaster and terrorism.

MED-ED reserves the right to substitute an equally qualified speaker if necessary.*

Course Overview

The Nursing Professional Development Exam Cram will provide the learner with the foundational review materials required to take and pass the certification test. The class describes the template of the NPD professional and covers core materials, such as education, adult learning and change theory, legal considerations and methodology.

Who is eligible to take this exam? All requirements must be completed prior to application for the examination.

- Hold a current, active RN license within a state or territory of the United States or the professional, legally recognized equivalent in another country.
- Hold a bachelor's or higher degree in nursing.
- Have practiced the equivalent of two years full-time as a registered nurse.
- Have a minimum of 2,000 hours of clinical practice in nursing professional development within the last three years.
- Have completed 30 hours of continuing education in nursing professional development within the last three years.

Program Learning Outcomes

This program prepares the learner to:

- Possess familiarity with foundational concepts of the NPD role, including, but not limited to, knowledge of education and adult learning theory, change theory, legal considerations and methodology.
