Speaker

Michael D. Gooch, DNP, APRN, CCP, ACNP-BC, FNP-BC, ENP-BC, ENP-C, CEN, CFRN, CTRN, TCRN, NRP

Dr. Gooch brings over 20 years of nursing and EMS experience to MED-ED's seminars. He has worked in a variety of clinical settings that range from emergency nursing and primary care to a Level I Trauma Center and include ground and air medical transport. Michael received his MSN from Vanderbilt University in Nashville, TN, where he focused on emergency and trauma care. He graduated from Loyola University Chicago with his DNP. His scholarly project focused on the use of education and evidence-based interventions to change practice, particularly rapid sequence intubation.

MED-ED reserves the right to substitute an equally qualified speaker if necessary.*

Course Overview

This course is a review of emergency nursing designed to assist the participant in successfully obtaining CEN certification. The course offers lectures, graphics, videos and practice questions in many of the areas that are tested on the CEN Exam. This review will provide not only a knowledge base for successfully completing the exam, but also a foundation for further study as the participant works towards emergency nursing certification.

Program Learning Outcomes

This program prepares the learner to:

- Discuss priorities of the primary and secondary assessment of patients in presenting to the emergency department.
- Describe basic principles of disaster management.
- Analyze the effectiveness of patient or family education in a clinical scenario.
- Discuss the basic principles of safe interfacility transfer.
- Describe anticipated assessment findings of patients with selected respiratory, medical, cardiovascular, neurologic, toxicologic, gastrointestinal and genitourinary emergencies.
- Plan and prioritize interventions of patients with selected respiratory, medical, cardiovascular, neurologic, toxicologic, orthopedic, psychiatric or gastrointestinal emergencies.
- Describe basic principles of disaster management.
- Analyze the effectiveness of patient or family education in a clinical scenario.
