MED-ED reserves the right to substitute an equally qualified speaker if necessary.*

Course Overview

The ONC® Exam contains questions related to orthopedic patient-centered care nursing standards. By a comprehensive review of these standards, the participant will have the tools and knowledge necessary for successful preparation for orthopedic nursing certification. Content will include assessment and care for orthopedic patients experiencing pediatric/congenital/neuromuscular disorders, metabolic conditions, degenerative/inflammatory disorders, total joint arthroplasty, orthopedic trauma/conditions and sports injuries, fractures, musculoskeletal tumors, amputation, spinal surgery or ortho-pedic complications with appropriate prevention strategies and priority interventions..

ONC® is a registered trademark of the Orthopaedic Nurses Certification Board, which neither sponsors nor endorses this product.

Program Learning Outcomes

This program prepares the learner to:

- Have the foundation for further study to work toward successful certification in orthopedic nursing.
