Speaker

Mary Ann "Cammy" Christie, MSN, APRN, CCRN-CMC-CSC, PCCN

Cammy is an internationally known speaker with over 45 years of critical care experience. She has taught the CCRN® Exam Review as well as critical care updates with an emphasis on the critical thinking skills of the bedside practitioner. In addition to lecturing across the globe, Cammy is a reviewer for several revered nursing journals, has numerous publications in the area of critical care and continues to have an active practice as an acute care nurse practitioner at the University of Florida, Division of Critical Care Medicine, Cardiothoracic Surgery. As a critical care nurse practitioner, Cammy brings many clinical practice skills to her lectures as well as providing clinical pearls for bedside care.

MED-ED reserves the right to substitute an equally qualified speaker if necessary.

Course Overview

This two-day course provides the critical care nurse with a review of AACN's 2020 core curriculum. The agenda combines central knowledge-based lectures for nurses working in the ICU with an essential review of nursing care and interventions according to the AACN exam blueprint for the critical care provider. This review is not an introduction to the environment of the ICU, but a comprehensive update for the professional already in practice at the bedside and preparing for the certification examination.

For attendees preparing to take the CCRN Exam:
This review course content follows AACN's updated 2020 CCRN Exam blueprint. Professional Caring and Ethical Practice (20% of exam) issues are addressed when appropriate throughout.

Program Learning Outcomes
This program prepares the learner to:

- Discuss and practice test-taking skills.
- Review critical anatomy, physiology and pathophysiology of each system.
- Discuss significant assessment and diagnostic findings relevant to the critical care environment.
- Discuss clinical presentation as well as specific patient management of commonly seen critical care conditions.
