

## Course Description

This two-day CCRN/PCCN Review is designed for the critical care or progressive care nurse preparing to take either exam from the American Association of Critical-Care Nurses (AACN). The review focuses on anatomy, physiology, pathophysiology and disease management according to the AACN test guide for each exam. Each system review will be followed with sample test questions along with test-taking strategies.

## Program Learning Outcomes

*This program prepares the learner to:*

- Demonstrate the knowledge and confidence to successfully pass the CCRN or PCCN Certification Exam.
- Deduce significant assessments, diagnostic findings, clinical presentations and management strategies of critical care and progressive care patients.
- Solve and evaluate critical-care exam questions.

## Agenda

*Sign-in begins at 7:30 am.* Each day includes a one-hour lunch (on your own), as well as a morning and afternoon break of 15 minutes each. The order of lectures presented and break times may vary according to speaker preference.
