Speaker

Alex Klacman, PhD, RN, CV-BC, CCRN

Dr. Klacman currently resides in Dallas-Ft. Worth. She is an assistant tenure-track professor at Texas Woman's University- Dallas in the Houston J. and Florence A. Doswell College of Nursing, where she teaches in both the undergraduate and graduate nursing programs. She is the former system education specialist of critical care for Texas Health Resources, a large healthcare system across DFW. She is an experienced critical care nurse and practiced at the bedside for eight years prior to moving into education. She was the first person globally to implement the Resuscitation Quality Improvement (RQI)™ Program at an organization during her time as the American Heart Coordinator/ Life Support educator.

*For complete biography, please visit MedEdSeminars.net.
MED-ED reserves the right to substitute an equally qualified speaker if necessary.*

Course Overview

This two-day course provides the critical care nurse with a review of AACN's 2020 core curriculum. The agenda combines central knowledge-based lectures for nurses working in the ICU with an essential review of nursing care and interventions according to the AACN exam blueprint for the critical care provider. This review is not an introduction to the environment of the ICU, but a comprehensive update for the professional already in practice at the bedside and preparing for the certification examination.

For attendees preparing to take the CCRN Exam:
This review course content follows AACN's updated 2020 CCRN Exam blueprint. Professional Caring and Ethical Practice (20% of exam) issues are addressed when appropriate throughout.

Program Learning Outcomes

- This program prepares the learner to:
- Discuss and practice test-taking skills.
 - Review critical anatomy, physiology and pathophysiology of each system.
 - Discuss significant assessment and diagnostic findings relevant to the critical care environment.
 - Discuss clinical presentation as well as specific patient management of commonly seen critical care conditions.
