Course Overview

The Certified Nurse Educator review course covers all sections of the test blueprint and includes practice questions with strategies on how to answer them. Teaching strategies including case studies, and information from the Next Gen NCLEX will be included. Further, the attendees will be provided with education on how to enhance their overall practice in areas of teaching, service and scholarship. Throughout the review, ways to engage in active immersion will be recommended, so faculty can apply what is learned.

Program Learning Outcomes

This program prepares the learner to:

- Self-report an increase in knowledge as well as enhance comprehension and appropriate engagement in teaching, service and scholarship in nurse education
