Course Overview

This two-day seminar is for nurses who care for pediatric patients. This course serves as a review for the Certified Pediatric Nurse (CPN®) Exam. The CPN Exam is for the nurse who has pediatric practice experience and who demonstrates knowledge and abilities related to pediatric nursing beyond basic RN licensure.

Program Learning Outcomes

This program prepares the learner to:

- Describe the Certified Pediatric Nurse Exam, test plan and the practice requirements to sit for the exam.
- Construct a study plan for the exam based on understanding the blueprint and domains of practice covered.
- Identify common mistakes and pitfalls that are made during studying and testing for the exam.
- Recall the core components covered in the exam through didactic supplementation and test questions.
