Speaker

Terry Lynch, MSN-Ed, RN, CCRN, PCCN

Terry has nearly 30 years of experience in caring for the critically ill patient in various specialty areas that include cardiovascular medicine and surgery, neuro, pulmonary, renal and trauma care. In addition to teaching the CCRN Certification review course, he has provided continuing education classes on several topics that include 12-Lead interpretation, ABGs and ventilators, radiographic interpretation essentials, hemodynamics, Rapid Response teams, neurological and neurosurgical care. Terry is a member of the American Association of Critical-Care Nurses (AACN) and the Association of Nursing Professional Development (ANPD). He is able to make the most difficult concepts easy to understand by the beginner as well as the advanced practitioner and is best known as a master clinician and dynamic speaker who uses humor and real-life situations to give his topics meaning and depth.

MED-ED reserves the right to substitute an equally qualified speaker if necessary.

Course Overview

This course is designed for those nurses working in the Progressive Care Unit who wish to take the PCCN Examination offered by AACN. The Progressive Care Area is defined as any unit referred to as: Intermediate Care, Direct Observation, Step-down, Telemetry Units or Transitional Care. The course will focus on core concepts defined by AACN that are essential for caring for this diverse population of adult patients.

Program Learning Outcomes

This program prepares the learner to:

- Describe the PCCN Exam, test plan and the practice requirements to sit for the exam.
- Construct a study plan for the exam based on understanding the blueprint and domains of practice covered.
- Identify common mistakes and pitfalls that are made during studying and testing for the exam.
- Recall the core components covered in the exam through didactic supplementation and test questions.
