MED-ED, Inc. is an approved provider by the following State Boards of Nursing: **Florida**/FBN 50-126, **Iowa**/296, **California**/#CEP10453.

## Speaker

### Kristen Luttenberger, MSN, RN, CCRN-CMC, PCCN, APN-C

Kristen's professional experience includes working as an RN for nearly 25 years in the pediatrics, medical-surgical, telemetry, intensive and coronary care areas. She has served as a nurse educator for her entire career, currently works as a full-time cardiac nurse practitioner and has also been a collegiate adjunct professor. Kristen is currently triple certified with critical care clinical certifications, along with her nurse practitioner license, and prides herself in working with critical care and progressive care nurses at the bedside and sitting for those certification exams every 3 years.

Her entrepreneurial lectures on various evidence-based subject matters focus on a variety of topics, but mostly on the current guidelines and evidence for bedside nurses. She has been published three times on evidence-based improvement projects and was the lead writer for her unit's Beacon Award, received four times from AACN. Kristen has spoken at the national level on targeted temperature management and on analyzing the laboratory data on infection.

*MED-ED reserves the right to substitute an equally qualified speaker if necessary.*

## Course Overview

This two-day course provides the critical care nurse with a review of AACN's 2020 core curriculum. The agenda combines central knowledge-based lectures for nurses working in the ICU with an essential review of nursing care and interventions according to the AACN exam blueprint for the critical care provider. This review is not an introduction to the environment of the ICU, but a comprehensive update for the professional already in practice at the bedside and preparing for the certification examination.

For attendees preparing to take the CCRN Exam:

This review course content follows AACN's updated 2020 CCRN Exam blueprint. Professional Caring and Ethical Practice (20% of exam) issues are addressed when appropriate throughout.

### Program Learning Outcomes

This program prepares the learner to:

- Self-report a gain in knowledge of the critically ill patient and confidence to pass the CCRN Exam at an 80% rate.

## Registration Information

**Tuition** Includes Program Manual and CE Certificate

**Early Bird Price - Ends 3/13/24**  
\$269 for both days
