## Speaker

### Baron "Keith" Hood, MSN, NP-C, AAHIVS, CCRN, CFRN, CEN, FP-C, CMSRN

Keith has spent more than 20 years in patient care with a diverse clinical background, including in prehospital and air medical services, pediatric transport and ICU, CVICU, neuro ICU, medical and transplant ICU and as a clinical faculty member for BSN and NP students. He currently works as an ER nurse practitioner in a Level I trauma center and as a certified HIV specialist by the American Academy of HIV Medicine, along with maintaining patient care in a large patient-centered-care HIV practice, all while serving as an active flight nurse. Keith has been a guest lecturer, presenting on numerous clinical topics at prehospital and nursing conferences, both at the state and regional levels, in addition to facilitating and teaching a multitude of emergency, critical care and trauma courses.

*MED-ED reserves the right to substitute an equally qualified speaker if necessary.*

## Course Overview

This course is a review of emergency nursing designed to assist the participant in successfully obtaining CEN certification. The course offers lectures, graphics, videos and practice questions in many of the areas that are tested on the CEN Exam. This review will provide not only a knowledge base for successfully completing the exam, but also a foundation for further study as the participant works towards emergency nursing certification.

#### Why Be Certified

Successfully completing the CEN Exam is a challenge that has been completed by only a minority of emergency nurses. Successful completion of this exam exhibits to others that the bearer has demonstrated a knowledge base in the specialty of emergency nursing that exceeds his or her peers.

#### Program Learning Outcomes

This program prepares the learner to:

- Self-report at a 90% rate an increase in emergency-nursing knowledge that is needed to pass the CEN Exam.
