✓ Possess familiarity with foundational concepts of the NPD role, including, but not limited to, knowledge of education and adult learning theory, change theory, legal considerations and methodology.

## PRESENTED BY

**Julie L. Bacon, MSN-HCSM, RN, RNC-LRN, NE-BC, CPN, CPEN, C-NPT, RN-BC**

Julie Bacon has over 25 years' experience in emergency transport medicine, both flight and ground. Her expertise is in the area of pediatric and neonatal transport and critical care. As program manager and chief flight nurse at Johns Hopkins All Children's Hospital LifeLine in St. Petersburg, FL, she manages both a high acuity national/international transport team as well as the transfer and dispatch center.

Ms. Bacon holds multiple clinical and leadership certifications. She is an active participant in state disaster planning and management, and as a former hospital emergency management director, is a resource and instructor for hospital emergency preparation for disaster and terrorism. She currently serves as the clinical chair for the Florida EMS for Children State Advisory Committee, vice chair of the Florida State EMS Strategic Planning Committee and is an invited participant representing neonatal/maternal and pediatric issues on multiple state committees.

*MED-ED reserves the right to substitute an equally qualified speaker if necessary.*
