Speaker

Brandy Archer, BSN, RN, CAPA, CPAN, ONC

Brandy started her career as a licensed practical nurse (LPN) on a medical-surgical floor. After three years, she decided to go back to school, where she received her associate's degree in nursing (ADN) and later her BSN. Brandy's expertise in caring for orthopedic patients stems from 20 years of experience in an orthopedic acute care setting. She currently works as the surgical coordinator in a busy pre and post PACU setting

*For complete biography, please visit MedEdSeminars.net
MED-ED reserves the right to substitute an equally qualified speaker if necessary.*

Course Overview

This course is designed for nurses working in the perianesthesia setting who plan to take the CPAN/CAPA Exam. The course will focus on core concepts defined by ASPAN™ for caring for all populations.

Program Learning Outcomes

This program prepares the learner to:

- Describe the CPAN/CAPA Exam, test plan and the practice requirements to sit for the exam.
- Construct a study plan for the exam based on understanding the blueprint and domains of practice covered.
- Identify common mistakes and pitfalls that are made during studying and testing for the exam.
- Recall the core components covered in the exam through didactic supplementation and test questions.
