Speaker

Mary Ann "Cammy" Christie, MSN, APRN, CCRN-CMC-CSC, PCCN

Cammy is an internationally known speaker with over 45 years of critical care experience. She has taught the CCRN® Exam Review as well as critical care updates with an emphasis on the critical thinking skills of the bedside practitioner. In addition to lecturing across the globe, Cammy is a reviewer for several revered nursing journals, has numerous publications in the area of critical care and continues to have an active practice as an acute care nurse practitioner at the University of Florida, Division of Critical Care Medicine, Cardiothoracic Surgery. As a critical care nurse practitioner, Cammy brings many clinical practice skills to her lectures as well providing clinical pearls for bedside care.

MED-ED reserves the right to substitute an equally qualified speaker if necessary.

Course Overview

This three-day course is designed to provide critical care and progressive care nurses a review of AACN's core curriculum. The course combines central knowledge-based lectures so that nurses working in the PCU and ICU arenas will have a review of AACN's certification blueprint. The first day will provide the critical care provider with an essential review of nursing care and interventions designed for the ICU setting. The second day of this lecture series will combine both the critical care and the progressive care areas. Information essential to each will be presented in a combined method still complying with AACN's certification blueprint. The third day will be specifically for the progressive care provider and complete AACN's blueprint for system review. This review is not an introduction to the environment of the ICU or PCU, but a comprehensive update for the professional already in practice at the bedside and preparing for either or both of the certification examinations.

Program Learning Outcomes

This program prepares the learner to:

- Discuss and practice test-taking skills.
- Review critical anatomy, physiology and pathophysiology of each system.
- Discuss significant assessment and diagnostic findings relevant to the critical and/or progressive care environment.
- Discuss clinical presentation as well as specific patient management of commonly seen critical care conditions.

Registration Information

Tuition Includes Electronic Program Manual and CE Certificate

Mercy Medical Center Employees
Complimentary

Non-Employees

\$310 for Two Days
\$155 for One Day

MED-ED payment credits may not be used for this seminar.
